

I wish I had a lovely pet,

But Mom said I'm not old  enough yet.

I begged  her once, I begged  her twice.

But all she  said was: "They have lice!"

I asked Mom if I could get a cuddly cat ,

But then she  said: "They just sit on a mat!"

I asked her if I could get a dog ,

But all she said was: "They bark  all day long!"

At night , I asked my mom one thing,

"Can I have a rock  as a pet? "

"I guess they don't smell like a sock , " she said.

So at last she *finally* got me a pet.
