

I like to eat.

I like to play.

I like to read.

And I like to make a snowman in the winter.

Susan, my sister, likes to dance.

She likes to swim.

She likes to sing.

And she likes to go to school and play with her friends.

A cat likes to eat mice.

A cat likes to run.

A cat likes to walk.

And it likes to jump around when it is a sunny day.
